

About Us

In 1958, several like-minded enthusiasts combined their talents and formed the Northern Suburbs Bridge Club. The inaugural session was held on 6 November 1958 with 7 tables. Members continued to meet regularly and competed in rented premises until 1992 when the existing Club House was built at 116 Gerler Road, Hendra.

The first competition run at the Club started in 1967 and was later called the Hoffmann Tray. It was a Wednesday evening pairs event conducted over three sessions. The inaugural winners were Arthur Hoffmann (the then President) and Harry Sarafov (the 13th President).

Some other milestones:

- 1973 - Friday evening session commenced
- 1975 - Monday daytime session commenced
- 1979 - Saturday afternoon session commenced
- 1995 - Monday evening session commenced

As of November 27, 2024, NSBC had almost 600 members (home and away) with sessions running six days per week. The Club caters for all levels of bridge player - from beginner to advanced and provides "beginner lessons" twice a year.

Special thanks must go to the voluntary efforts of members who assist with the smooth running of the club. No job is too big or too small and it all combines to make visits to NSBC pleasant and memorable. Our volunteers give their time willingly and help with dealing, directing, operating Bridgemates, management committee, food and refreshment supplies, managing Master Points, and other club housekeeping. If you would like to join our friendly team of volunteers, please email the Club Secretary or talk to a member of the Management Committee.
